

Leah Michalson (Borns)

I am a designer with front-end aptitude and a curious mind. My optimism, zest for learning, and resilient attitude make me a strong candidate who will bring an innovative perspective to your organization.

Projects

Bus Spot | Mobile Prototype

Research, UX Design and Testing for a bus scheduling mobile app so riders locate their bus virtually. Live prototype at <https://adobe.ly/2GK9sH7>

Greener | Mobile Prototype

Research, UX Design and Testing through a design sprint for an app that makes sustainable behaviors more fun through gamification. Live v1 prototype at <https://adobe.ly/2Fgry2X>
